

Hull Artists Studio Connection Membership application

The Hull Artists Studio Connection was created in the spring of 1997, when a group of Hull artist's got together for the purpose of promoting Hull as a destination for people interested in affordable fine art and crafts. We are a non-profit organization dedicated to serving as a resource through which local artist's have the ability to sell their work and increase public awareness of the arts. While doing this they can develop their professionalism, share resources and receive support from fellow artists. The Hull Artists operates as a cooperative organization. Each member is responsible to provide assistance in the groups endeavors.

During the summer of 1997 the group held it's first "Open Studio Tour" where the public was invited into our private studios, or homes. We now have at least two tours per season, with hope for more. In addition to the studio tours two shows are held each year. In 1998 the Hull Garden Club joined forces with us to offer the " Fine Art and Flowers Show" (an art show is held among members with the garden club providing floral arrangements for each piece of art) and a Winter Arts Festival that is held on Thanksgiving weekend. We have also shown our art at Endless Summer sponsored by Nantasket Beach Chamber of Commerce.

All members are expected to support the group by attending meetings and being vocal about knew ideas that will help promote the arts in Hull. We meet on the First Tuesday of the month, with no meetings in January & February.

Dues for the year are \$35 and are collected in April, prior to the summer season. Your dues have to be paid to participate in group activities. Please do not send a check for joining after April since partial year membership dues are pro-rated. You will be notified what the cost will be. The Hull Artist's Studio Connection asks that artist's give a 10% commission of what they sell at all our sponsored events. This helps us to stay in business.

We invite you to join us in our passion for the arts and creativity.
